Studio and Equipment Rentals are available only to Quickdraw Animation Society Producing Members in good standing or our partner non-profit organizations. Prices are held below market rates to support independent and community animation projects in Calgary and the province of Alberta. We are NOT a commercial rental house. Any for-profit, industry or commercial bookings are subject to approval and higher market-comparable rates.

All rentals are subject to availability and approval by the QAS Production Director. A Producing Membership does not guarantee you a rental or studio booking. Producing Members must demonstrate competency with the equipment, or request a training session, before gear or studios can be booked. A deposit is held for all bookings and returned in full if equipment or studios are returned in the condition they were given. Damage, loss, or significant wear-and-tear of equipment will result in the forfeit of some or all of the damage deposit to Quickdraw to cover repairs or replacement.

NOTE: This is the list of current equipment Quickdraw Animation Society has available to rent, not our full inventory. If you are looking for something that isn't on this list but we might have, please contact the Production Director: [production@quickdrawanimation.ca](mailto:production@quickdrawanimation.ca)
